

## WHAT WE DO

- ④ Search & Rescue (SAR) Aircrew
- ④ SAR Support to Oil & Gas Operations
- ④ Aircrew SAR Equipment
- ④ Aircraft Medical Equipment
- ④ Aircraft SAR Equipment / Fit out
- ④ SAR AOC & Regulatory Documentation

**HeliOperations works closely with the world's largest and most capable helicopter operators providing crews, equipment, training and support at all levels in specialist operations - most notably Search and Rescue (SAR).**

HeliOperations has supported and continues to support services to military, government and commercial clients in the world's most demanding theatres and under difficult and challenging conditions.

With 8 years of experience in this role, HeliOperations has built a team of highly experienced and qualified pilots and crewmen capable of adapting to start up operations or fitting into an established operation as a "bolt on" solution.

Our core business is the provision of highly specialised crews under flexible conditions in support of helicopter operations globally.
